 **PYRAMIS**

Ceramic Hobs 2023

A new era for PYRAMIS!

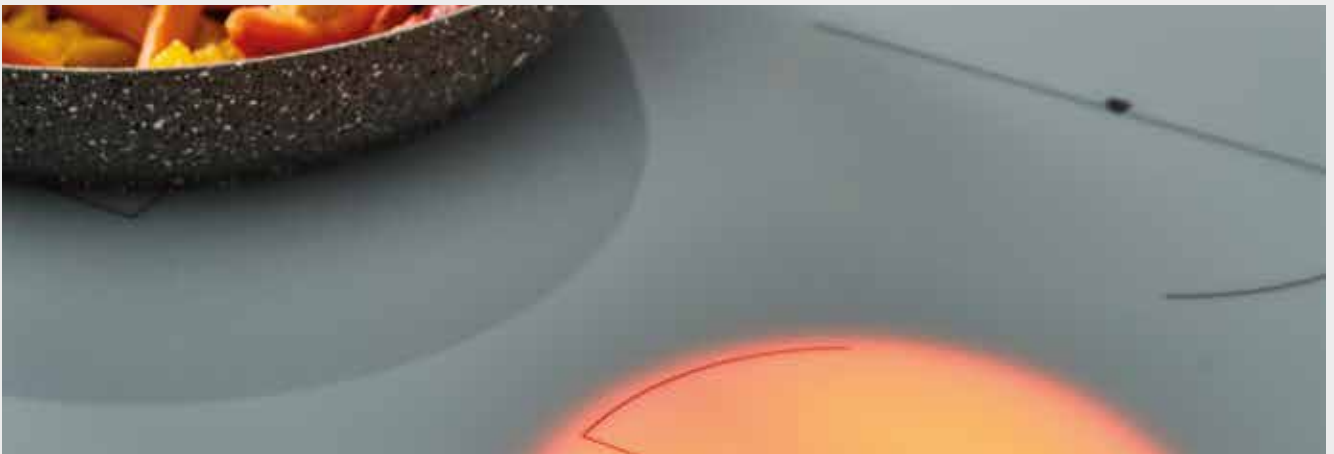

PYRAMIS starts a new chapter in the Greek Industry, starting the domestic production of household electrical appliances.

In a new factory in Inofyta, PYRAMIS is redefining «**Made in Greece**» quality!

Incorporating the highest standards of design and functionality, it creates a new ecosystem of electrical appliances consisting of hobs, ovens and machines that meet the requirements of the modern kitchen.

In the new factory, the production of ceramic hobs has started with a growing production capacity of 230,000 pieces per year, while the design and development of the new ovens is work in progress.

At PYRAMIS, we support and strengthen a culture of excellence, continuous development and innovation, redefining and upgrading the «**Made in Greece**» quality.

Ceramic Hobs

Key Features

PYRAMIS hobs are manufactured with certified components from leading manufacturers from Germany, Italy and Spain.

Hob Profiles

Inox framed, frameless or beveled hobs that contribute to the style and determine the aesthetics of your kitchen.

Control

Use the high tech touch controls or rheostatic knobs to easily and safely operate your appliance.

Overflow Safety Device

OSD turns the hob off, in case of fluid overflow on the device's surface while heating, ensuring maximum safety.

Residual Heat Indicator

A red digital indicator that warns that the relevant zone is still hot.

Timer

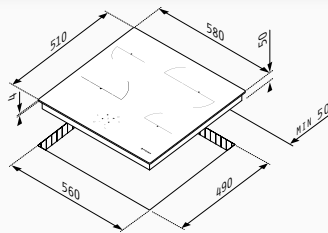

Automatically terminates the operation of the hob at the end of the desired cooking time.

Safety Lock

All hob functions can be locked to prevent accidental activation or child intervention.
